New research and an Indigenous perspective on a ban of HFO use and carriage as fuel, in the Arctic

SPEAKERS:

- **Bryan Comer PhD:** International Council on Clean Transportation, ICCT
- **Lisa Koperqualuk:** Inuit Circumpolar Council, ICC Canada
- **Dagmar Nelissen:** CE Delft
- **Verner Wilson III,** Friends of the Earth, US

Moderator: Dr Sian Prior, Lead Advisor, Clean Arctic Alliance

Please join us and hear from four eminent speakers on:

- the latest figures on Arctic HFO use, carriage, and black carbon emissions
- how an HFO ban on use and carriage as fuel in the Arctic is perceived by indigenous populations
- the results from new research analysing what the cost implications a ban would have on trade flows from a specific case study in Russia.
